LISolutions® in collaboration with University of Waikato, New Zealand, ICMAP-
Islamabad, and Digital Library Network of South Asia (DlnetSA) jointly
organizing Three Days Training on **Free & Open Source Integrated Library
Systems (ILS)** on May 17-19, 2012 at ICMAP Campus, Plot No. 16, Sector H-
9, Islamabad.

This training will cover the following topics:

- Library Automation
- Digital Library
- Archive Management

***These topics will be covered by using following Free and Open Source
Software:***

- Koha ILS (Latest Version)
- Greenstone Digital Library Software
- DSpace Digital Library Management Software

Our library solution is bundled with Linux Server installed on a Live DVD that is
not only a bootable DVD but it can be used to install all the above applications
with a few clicks.

LISolutions® is a registered organization working for the promotion of Free and
Open Source Software. We have organized dozens of trainings, workshops, talks
and seminars to promote Free and Open Source Movement in Pakistan.

We kindly request you to nominate* Library & Information Professionals working
at your prestigious institution to participate in this PRACTICAL TRAINING.
The registration form and brochure is enclosed.

Thank you for your consideration.

Yours sincerely,

Ata ur Rehman
Coordinator – LISolutions®

**Note: No TA/DA will be offered to the participant.*
